

# Example agreement

Parties: Example North Company and Example South Company

Purpose: demonstrate a multi-document Bates numbering workflow.

1. This document is fictional and has no legal effect.
2. The attached schedule contains example milestones.
3. No real client or confidential information is included.

# Example agreement

Example schedule reference: document 3 in this sample set.

This is page two of the second document.

With the default settings it receives the fourth page number.

Demonstration only. This is not an agreement template.
